***Oregon Institute of Marine Biology***

**Brief Justification**

The current course fee does not begin to cover the lab supplies for this course. Given the small class size the new fee would only cover about 2/3 of the cost of supplies and DNA sequencing.

Subj Code	Course Number	Course Title	Description	Fee Structure	Current FY23 Max Fee	New FY24 Max Fee
BI	457/557	Marine Biology-Molecular Marine Bio	OIMB Field Trip Fees	Flat	\$110	\$200

**Brief Justification**

These fees cover a State of Coast conference registration, travel and stay for each student in the Marine Conservation Course as well a van fuel for this and all the other field trips.

Subj Code	Course Number	Course Title	Description	Fee Structure	Current FY23 Max Fee	New FY24 Max Fee
BI	457/557	Marine Biology-Marine Conservation	OIMB Field Trip Fees	Flat	\$85	\$95
BI	457/557	Marine Biology-Marine Environmental Issues	OIMB Field Trip Fees	Flat	\$85	\$95

**Brief Justification**

We have a new 52 ft. research vessel at OIMB that the Deep-Sea Biology class will use frequently. This vessel is much larger (and can accommodate many more students) than our older R/V Pluteus that couldn't fit the whole class or the Remotely Operated vehicle this class uses. The new boat will require higher fuel and maintenance costs for the new boat though, hence the significant increase in student course fees.

BI	457/557	Marine Biology-Deep Sea Biology	OIMB Field Trip Fees	Flat	\$110	\$200

**Brief Justification**

The current course fee could be lowered as the course take mostly local field trips and \$50 should cover fuel and course supply costs.

**Physical Education and Recreation**

***Physical Education and Recreation***

**Brief Justification**

This is a small class size for instructional experience and safety. The PE department is self-support and operates on this course fee to cover course expenses including instructor wages, OPE, equipment, operations, etc. This fee is needed to match faculty wages and OPE increases.

PEAQ	111	Learn to Swim	PE Activity Fee	Flat	\$100	\$107
PEAQ	201	Swimming I	PE Activity Fee	Flat	\$100	\$107

**Brief Justification**

Due to equipment expenses and lower enrollment, the course fee must cover instructor wages and equipment. The PE department is self-support and operates on this course fee to cover course expenses including instructor wages, OPE, equipment, operations, etc. This fee is needed to match faculty wages and OPE increases.

**Amended Course Fees Requests Pending Review  
2023-24 Academic Year / 2024 Summer Session (Fiscal Year 2024)**

**Brief Justification**

Increased administrative fee to offer these classes due to labor cost increases and the expectations of the PE budget to cover Associate and Assistant Director salaries (previously on the General Fund). The PE department is self-support and operates on this course fee to cover course expenses and operations, etc. This fee will increase to stay on level with other activity courses, and we are mindful that Scuba is an expensive experience.

PEAS	381	Scuba: Dive Master I	PE Activity Fee	Flat	\$60	\$65
PEAS	382	Scuba: Dive Master II	PE Activity Fee	Flat	\$60	\$65

**Brief Justification**

Due to inflation, supplies for this course (groceries) require an increase in fee.

Subj Code	Course Number	Course Title	Description	Fee Structure	Current FY23 Max Fee	New FY24 Max Fee
PEF	335	Healthy Cooking	PE Activity Fee	Flat	\$105	\$115

**Brief Justification**

There is a high level of personalization and support offered through this course, so instructors are compensated through additional FTE than a standard activity course. This fee is needed to match faculty wages and OPE increases.
