Cancelled 18

Amended 339

## New Fees for Discussion

### Psychology

Psychology is requesting 3 new course fees to replace computers every few years in their labs.

### Brief Justification

Psychology would like to institute a course fee on our computer lab classes to help build funds to buy new equipment and software, and replace outdated equipment/software in those labs. We would like to institute a fee that will cover the cost of equipment for these labs while being manageable for the students. We have 53 computers in these labs which will require approximately \$2,200 per computer to replace (total: \$116,600). We estimate that we can replace all these computers on a rotating basis over the course of five year rotations. During normal times, the computer labs have been used by researchers for study participants and for advising workshops in our department. The advising workshops used to be held 3-4 times during each term, excluding summer. Other than this, these labs are solely used for the CRNs and courses requested.

Subject Code	Course Number	Course Title	Detail Code Description	Fee Structure	FY21 Max Fee
PSY	412/512	Applied Data Analysis	TBD	Flat	\$20
PSY	302	Statistical Methodology Psychology	TBD	Flat	\$20
PSY	303	Research Methods Psychology	TBD	Flat	\$20

### Sports Product Design - School of Art & Design

Requesting a new fee for a \$350 non-refundable graduate acceptance fee assessed when students accept the offer of admission. Fee will be used to establish a fund for events and workshops for incoming students. Supplemental documents are included.

## New Fee Request

Sports Product Design | School of Art + Design

**Fee name:** Sports Product Design Graduate Acceptance Fee

**Fee description:** Non-refundable acceptance and event fee (assessed when students accept the offer of admission)

**Fee cost per student:** \$350

Based off an incoming cohort size of 20 students, the goal of this fee is to establish a fund for events and workshops for incoming Sports Product Design students. Specifically, a large part of this fee will go to support "Bootcamp". Bootcamp is a weeklong event that normally occurs during week zero of Fall term. Separate from orientation, Bootcamp serves to familiarize students with Sports Product Design companies in the Portland area and immerse incoming students in activities that preview work they will do in the program. This fee will also allow us to establish a non-refundable acceptance fee, encouraging students to only accept admission once they are serious about joining the program. Any leftover funds at the end of Bootcamp will be used to support other Sports Product Design events and workshops throughout the year.

**Fee breakdown & budget:**

\$350 x 20 students = \$7,000

Materials (for workshops or activities): \$1,000

Transportation (travel to/from companies, off-campus events): \$500

Catering: \$3,500

Event Space (for events held off campus): \$2,000

Total: \$7,000

Application and Acceptant fees assessed by Schools and Colleges

<b>Design, College of</b>	
<b>Architecture &amp; Interior Architecture</b>	
Incoming Track I Master's Programs (Professional Degrees) Non-refundable application and events fee	\$375
Incoming Track II Master's Programs (Professional Degrees) Non-refundable application and events fee (includes Portland students)	\$250
MS Arch Non-refundable application and events fee	\$275
<b>Historic Preservation</b>	
Graduate acceptance fee	\$100
<b>Landscape Architecture</b>	
Incoming MLA students non-refundable orientation/field trip/professional development and thesis production fee	\$500
Incoming Undergraduate fee non-refundable orientation/field trip/professional development fee. Assessed when a student accepts the offer of admission to the department	\$200
<b>Arts and Administration Program</b>	
Graduate Acceptance Fee	\$125
<b>Planning, Public Policy and Management</b>	
Community and Regional Planning (CRP), Nonprofit Management (MNM), Public Administration (MPA) Incoming master's graduate students non-refundable acceptance and orientation fee	\$250
<b>Product Design</b>	
Sports Product Design Graduate Acceptance Fee, non-refundable acceptance and event fee	\$350
<b>Oregon Leadership in Sustainability</b>	
Non-refundable deposit for incoming OLIS graduate certificate students.	\$300

**New Course Fee Requests Pending Review  
2021-22 Academic Year / 2022 Summer Session (Fiscal Year 2022)**

**College of Arts & Sciences**

***Theater Arts***

Brief Justification

Fees are for consumable materials for projects that students keep. Bulk ordering reduces the per person cost. Materials list: fabric, buttons, thread, wire, brush-on stiffener, wig materials, wool, silk yardage for painting and printing projects, fabric marbling materials, jacquard silk paints for dyeing and painting, stencil materials, speciality paper for large-scale drafting (pants, skirts, bodices, sleeves), etc.

Subject Code	Course Number	Course Title	Description	Fee Structure	FY21 Max Fee

**College of Education**

***Communication Disorders & Sciences***

Brief Justification

Proposed fee reflects the actual fee incurred for use of the Simucase virtual patient simulation program. Students will retain access to the program for the duration of their master’s coursework (15 months). This program is needed to obtain necessary alternative clinical education (ACE) clockhours that are used toward the speech-language pathology licensing requirements. Students previously purchased their membership individually, however Simucase now only offers 12-month individual memberships (vs 15 month).

Subject Code	Course Number	Course Title	Description	Fee Structure	FY21 Max Fee
CDS	611	Clinical Methods	Course Fee	Flat	\$99

**New Course Fee Requests Pending Review**  
**2021-22 Academic Year / 2022 Summer Session (Fiscal Year 2022)**

**School of Music & Dance**

***Music***

Brief Justification

Fee charged to pay for Tk20, the online data management system that is required for Music Education students. Currently, students are required to pay the fee directly to Tk20. This fee will allow the School of Music and Dance to purchase Tk20 on behalf of the students, avoiding the processing fee and allowing students to add this cost to their financial aid package if applicable. The fee charged to the students will equal the fee paid by the university.

<b>Subject Code</b>	<b>Course Number</b>	<b>Course Title</b>	<b>Description</b>	<b>Fee Structure</b>	<b>FY21 Max Fee</b>
MUE	326	Foundations of Music Education	Music Education	Flat	\$115

Brief Justification

Fee charged to pay the EdTPA registration fee required for teacher preparation assessment. Currently, students are required to pay the fee directly upon registration. This fee will allow the School of Music and Dance to purchase vouchers to supply to the students for registration, allowing students to add this cost to their financial aid package if applicable.

**College of Design**

***Department of Art***

Brief Justification

The Lab Fee provides funding for studio technician personnel who maintain and oversee art studios in eight areas including Ceramics, Fibers, Metalsmithing & Jewelry, Art & Technology, Photography, Printmaking, Painting, and Sculpture, covering 64,000 square feet of space. Studio technicians provide safety training/orientation for use of specialized equipment, chemical safety, and also fabrication processes. They assist students with projects, use of machinery in the labs, and create/update the procedure handbooks. This fee increase will allow the Department of Art to maintain the same level of safety, service and staffing, considering increasing payroll costs.

**Amended Course Fees Requests Pending Review  
2021-22 Academic Year / 2022 Summer Session (Fiscal Year 2022)**

***Landscape Architecture***

Brief Justification

The fee increase is to cover the increased cost of using the SSIL lab in Mackenzie Hall, which requires hardware, software and pedagogical setup necessary for the course. This is the standard rate charged by SSIL for instructional use with a CRN number.

Subject Code	Course Number	Course Title	Description	Fee Structure	FY21 Max Fee	FY22 Max Fee
LA	415/515	Computer in Land Arch	LA Course Fee	Flat	\$40	\$65

**College of Arts & Sciences**

***Earth Sciences***

Brief Justification

The increase will apply to the section which spends 2 weeks in Montana. The increase will cover the additional expenses of dormitories and further transportation. The expense of \$838 per student for our summer 2019 section, which had 14 students, included dorms, food, motor pool vans, and supplies.

GEOL	406	Field Studies Classic Mapping	Geology Field Trip Fees	Flat	\$700	\$900

**Physical Education and Recreation**

***Physical Education and Recreation***

Brief Justification

The nature of being a self-support department, PE needs to implement smaller, more frequent fee increases to keep up with increased expenses to offer classes such as: CBA bargaining updates (wage and merit increases); Smaller class capacity and size, as well as anticipated lower enrollment numbers; Increased operational expenses (cleaning, equipment needs, tech support)
